THE BLAIRMORE ENTERPRISE

THURSDAY, SEPTEMBER 3, 1926.

\$2.00 PER ANNUM

## DEATH OF HUGH CAMERON

The sudden death of Mr. Hugh Cameron, a prosperous farmer and rancher of the Burnside district, occurred at an early hour on Tuesday.

Mr. Cameron had been in apparent good health up to but a few hours before his death, when medical examination disclosed the fact that he had developed ulcer in the stomach.

Mr. Cameron was about fifty-five years of age and leaves a wife and stepdaughter and two adopted children of his brother who predeceased him a year or two ago. Mr. Cameron came to this country during the construction of the Crow's Nest line of the Canadian Pacific Railway, hauling freight through to Greenbrook. After completion of the line to that point, Mr. Cameron engaged in business there, operating a livery stable, also a hotel, and later located at Coleman in the same business. It was during the period of his residence at Coleman that he took up and homesteaded the land of his present home, just across the ford of the Middle Fork river at Burnside and where he has resided for the past twenty years. He was a Scotchman of the old

## ARCHER-JOHNSON

The marriage of Constable Archer of the Blairmore Provincial Police, to Miss Millicent Johnson, was solemnized at Coleman on Sunday last. The ceremony took place at the mounted police barracks, Rev. D. K. Allan officiating.

school, strong physically and having the attributes of the old and rugged, stern in his convictions, a good friend to those who gained his good will and whom he thought honest and reliable. Being an old timer, he will be greatly missed, and the sympathy of all who knew him will go out to the bereaved family.

Funeral took place yesterday afternoon, the remains being laid to rest in the Passburg cemetery.

At a meeting of the local miners' organization on Sunday afternoon, Messrs. J. A. Nelson and Carl E. Lunn, of California, addressed them on the subject of "Education and the Motion Pictures." Mr. D. M. J. Con-way also spoke to the miners on educational subjects.

## BLAIRMORE SCHOOL BOARD HOLDS REGULAR MEETING

The regular meeting of the Blairmore School Board was held in the schoolhouse on Friday evening last. There were present Chairman Dutil, Trustees Beebe, Chappell, Wheatley and Secretary Gresham.

The minutes of the regular meeting held July 31st and of special meetings of August 7th and 24th were read and approved.

The matter of heavy school supplies for the fall term, was taken up and Secretary read tenders of several outside firms and from F. M. Thompson Co. and Blairmore Pharmacy. After considerable discussion as to prices quoted, etc., the tender of Gordon Steeves, of the Blairmore Pharmacy, was accepted and the Board decided to purchase supplies from the Blairmore Pharmacy as required from time to time.

Discussion also took place regarding supplies that would be needed to enable the Board to supply pupils up to Grade VIII, with new textbooks, pencils, pens, etc., and after hearing some quotations in this connection, it was decided to appoint Mr. Wheatley as a committee of one to enquire further into the matter and to report at some future date.

Letters were read from the Department of Education granting an extension for school opening to September 8th, providing the Board found it impracticable to open the school on the proper date, viz., September 1st. Mr. Wheatley asked why it was not practicable to open the school on the 1st, as there were a whole staff of teachers on the payroll of the Board at the present time and who were ready to open school on that date. The Chairman thought it advisable to delay opening the school until the expiration of the thirty days required to allow time for accounts to be paid out, were not on the payroll of the District at present, as teachers were only paid according to number of teaching days in a year. It was also brought out that a further extension is being asked to delay opening the

## UNION BANK IS NO MORE

MONTREAL, Sept. 3.—In accordance with the agreement sanctioned by the finance minister, the Royal Bank of Canada at the close of business Monday took over the business and assets of the Union Bank of Canada.

The following directors of the Union Bank have been added to the board of the Royal Bank: W. E. Allan and R. T. Riley, of Winnipeg; Stephen Haas, of Toronto; John H. Price, of Quebec, and W. H. Malkin, of Vancouver.

J. W. Hamilton, former general manager of the Union Bank, has been appointed assistant manager of the Royal Bank, with headquarters in Winnipeg.

On June 30, the latest date for which returns are available, the principal figures of the combined banks were as follows:

Capital and reserve \$48,800,000.  
Deposits \$562,235,440.  
Commercial loans \$22,447,380.  
Total assets \$781,176,737.

The business of the two banks has been consolidated at 47 points where both banks were represented. The Royal Bank of Canada will now have 725 branches in Canada and 125 abroad.

school until the 14th September, but so far that the Department had not been heard from in this connection. Mr. Wheatley raised strenuous objections to delaying the opening of the school under any circumstances, but his objections were overruled by the majority, who claimed the delay was necessary.

Mr. Wheatley again objected and condemned by motion the action of the Chairman in asking the Department for the assistance of a school inspector at the opening of school for purpose of organization. He said that if the Board were employing an efficient principal and staff, the assistance of an inspector would not be necessary. However, the meeting passed a resolution condoning the action of the Chairman in this regard.

The following accounts were passed for payment: Blairmore Enterprise \$17.75, Gillis & Mackenzie \$37.35, Postage \$10.00, Petty Cash July and August \$201.80, J. Packer \$132.16.

With regard to the account of Gillis & Mackenzie, Mr. Wheatley raised objection, stating that the Chairman had no right to incur this debt without first consulting with the other members of the Board. Mr. Dutil pointed out that it was necessary for him to get prompt advice regarding several matters in connection with the dismissal of the old teaching staff and that he had sought this advice in the proper quarters. Mr. Wheatley thought that the action of the Board in this connection was despicable in the fact that lawyers had to be engaged in order to straighten out the mess that the majority of the Board had gotten themselves into owing to their apparent incapability to conduct the affairs of this school district. However, motion was made passing all accounts for payment, the Chairman putting the motion to the meeting for the yeas only. Mr. Wheatley not getting a chance to vote against the motion and his amendment in favor of paying all bills with the exception of Gillis & Mackenzie account was ruled out of order, which action on the part of the majority of the Board seemed very unfair to the representative of "The Enterprise," who was present.

Mr. Wheatley, however, registered his objection.

During the discussion as to whether or not Mr. Wheatley had a proper chance to vote, Mr. Chappell had occasion to leave the room for a short time and Mr. Beebe got up for a walk during which time he made motion for adjournment, which carried.

Dr. O. Little was a visitor to Lethbridge during the week.

WORLD HAPPENINGS  
BRIEFLY TOLD

The Kingston branch of the Great War Veterans, by a formal vote, endorsed the proposed amalgamation of the existing veterans' organizations in Canada.

Consolidation of Turkish women has been made complete with abolition of police power of censorship over dress. Hereafter women will be able to wear what clothes they like.

An Exchange Telegraph dispatch from Calcutta says 100 persons were drowned in the Magnus River, near Langatlay, by the capsizing of a ferry boat during a storm.

It has been decided not to call a special session of parliament for ratification of the Belgian debt-funding agreement reached in Washington, but to postpone the discussion until the parliament re-opens in November.

Lord Bradbury, former representative on the reparations commission and one of the foremost authorities on European finance, declares that France is able to pay about 60 per cent of her debts to Britain and the United States.

W. Bankes Amery, of the overseas settlement department of the British empire, interviewed on his arrival at Sydney, Australia, said the British government was prepared to contribute largely toward the assistance of emigrants to Australia.

What conditions exist in a world of peace? The Buenos Aires annual census shows Buenos Aires a prize winning Shorthorn bull, named Father, brought \$40,000. Father's father, when sold some time ago, brought \$44,000.

Miss Weston, a 19-year-old English woman, who lives in Victoria, has been for many years, made an Alpine resort for women by climbing the north slope of the Wetterhorn, its ascent is more than twelve thousand feet and calls for endurance.

Eight hundred thousand motor cars from the United States entered Canada at Niagara Falls during June, July and August, it was estimated. Influx of United States tourists into the Dominion is reported to be 50 per cent greater than last year, particularly at Windsor, Ont.

Mount Vesuvius has resumed extraordinary activity, it has ejected great quantities of ash and lava, up the whole countryside at night. Authorities at the volcano observatory, however, have expressed the opinion that no great danger is imminent.

## Debts of United States

Country Owes Men to Great Britain and Co-operation to Europe

Our Dumb Animals, a Boston publication, suggests that many of our readers will find Bishop Charles H. Brent, of Buffalo, expresses their feelings in the following:

"We are just now talking in terms of payment of money on the part of European countries which were given credits, and as we make our demand on these impoverished people, let us remember that we perhaps owe 2,000,000 men to Great Britain. How are we going to pay that debt? I do not hesitate, in spite of Congressman Hamilton, to say that I have a right to ericite the attitude of our country in this matter of debts. Let us remember that whatever we do in connection with them, there is another debt America owes Europe which she has not paid. She owes Europe a debt of co-operation. For such co-operation as she has given has been too gingerly given, with a sort of fear, it is afraid, that we might be running risks."

## Clubs For Working Girls

New One Just Opened In Heart of London

The necessity of having clubs for women has extended to the city worker. Most of the big banks and insurance companies have their own catering arrangements and are able to feed their girl employees at a small cost. The first employee only, one or two girls is not so well placed, and it is for these employees that a new club has been opened in the heart of the city.

The girl members will be able to sit there at a reasonable cost as well as use the club as a social centre to prepare for sports or evening engagements without first having to rush home to the suburbs.

His Nose Knows

Master (to maid)—Your sweetieheart is waiting for you outside!

Maid—How do you know he is my sweetieheart?

Master—He is smoking one of my cigars!

W. N. U. 1923

## First Japanese Woman Bandit

Young Highway Robber Longed For Adventure and Excitement

The first woman bandit in the annals of Japanese crime has been arrested by the police at Tokio after committing scores of bold highway robberies at the point of a pistol. In every case her victims were men.

The young woman, who is twenty-five years old, was formerly a fencing teacher in a high school in Kioto, but found the life too tame and, lured for adventure, she set out for Nagoya in search of excitement. She became a waitress in a Chinese restaurant, as a young woman without visible means of support would have excited the suspicions of the police.

She admits committing armed highway robbery nearly every night for three months, when her career of banditry was cut short by the police. Her usual procedure was to accost her pedestrians in a half-deserted highway at a late hour and when her intended victim paused, she threatened them with a dagger, the orthodox weapon of the Japanese robber or burglar, and demanded money.

Although crimes have been committed before in Japan with women as accomplices, this is the first instance on record of a woman bandit working alone.

## Supplies For Far North

Relief Ship Sails For Hudson's Bay Ports in Arctic

With foodstuffs and supplies for Hudson's Bay ports in the Arctic region, the relief ship, the steamer "Fennell," of the Interior-Confidential Transport Company, under charter of the Hudson's Bay Company, has sailed carrying stores to replace those of the "Fennell" which was wrecked on July 22.

Capt. J. Lloyd, who commanded the "Fennell," is in charge of the ship. The boat, with a register of 1,019 tons, is carrying about 1,100 tons of cargo, including livestock, feed, oil, paint and a variety of other articles needed in the Arctic region. A crew of 30 has been signed on, with four men as spare parts.

J. Cantley and L. Graham company employees who were on the Bay Eskimo, and made a hazardous trip through the northern wastes before the "Fennell" was going north, are on the "Fennell." The boat will not return until early in the winter, as the journey requires several months.

## Praise From Indian Prince

Maharajah Says Salvation Army Has Done Much For His Country

A striking tribute to the Salvation Army was paid by the Maharajah of Patiala, who is visiting London, when he inspected the men's hostel provided by the army in the poorer quarter of London.

"Your great founder, William Booth, was one of the first men to realize the possibility of organizing along the lines of military discipline relief for the suffering and the uplift of humanity," the Maharajah said. "Gentlemen, I am a soldier myself. It has been my pride and privilege to serve the King-Emperor, and to take the field in many countries and on several continents."

"The Salvation Army is doing much for my country. I am glad to testify this and pay my tribute of admiration for its selfless, noble work."

## Will Give Double Service

Pacific Cable Is To Be Duplicated Next Year

The work of duplicating the Pacific cable from the Fiji Islands to Bamfield, Vancouver Island, will be finished next year, Sir Timothy Goghlan, member of the cable board and former agent-general in London for New South Wales, said on his arrival at Victoria from Australia on the liner Niagara. As the cable section from the Fiji Islands to Australia already has been duplicated, the whole connection next year will be able to give double service, he said. Sir Timothy is on his way to England.

## Facts About Canada

The second federal census was taken in the spring of 1921. It showed a population for the Dominion of 8,324,850. On May 2, the first sod was turned in the construction of the Canadian Pacific Railway. The Royal Society of Canada was founded in that year, and the first meeting of the society was held on May 25, 1852. The seat of the government of the Northwest Territories received the name of Regina on August 29, 1882.

Japanese girls are bobbing their hair. They have formed a society in Tokio to which only women are admitted who have discarded the elaborate traditional hair arrangement of Japan for the modern bob.

W. J. BARTLETT, PUBLISHER

Blaimore, Alta., Thur., Sept. 3, 1925

Elsewhere in this issue we publish a letter purported to have been written by the Blaimore School Board, and which has also appeared in the daily press of Calgary and Lethbridge.

In another column we publish a reply over the signature of Mr. Frank Wheatley, a member of the same board.

The board in their letter make a desperate effort to straighten out what in the eyes of the public is one of the most despicable tactics ever enacted by a body given powers under government legislation.

In some paragraphs the local press is accused of making false statements in connection with the administration of the board, but no attempt is made to specify particularly any case where we have erred, beyond such a trivial matter referring to an appointment as a first or second or third choice for position.

The board has got into such a box that in making appointments to fill positions made vacant through unfilled scales, it has really become necessary to make many such first, second and third choices, which in itself, causes inconvenience to the probably few of them and money to members of the teaching profession who would otherwise have secured satisfactory positions elsewhere.

An attempt is now made to lay blame for this mix-up upon the shoulders of the old teaching staff and the local press; but the opinion of the "average" in the matter is to be taken in the course of a few days and will probably speak stronger than words.

The statement in our issue of August 27th that a member of that board had remarked that "if Mr. Muncester is a scab, then 60 is most of the teachers of Alberta were scabs" is exactly as stated word for word, and when asked why by Mr. Wheatley, he replied "Because they are not members of the Alliance."

The board also state that "the first place for retirement was the payroll," forgetting that the ratepayers are not satisfied with the \$800 and more being thrown away in rent, which should be paying instalments towards a district-owned property. This has been going on for several years and no more will go on so long as the present board is in power.

In our last issue we referred to the extent to which conditions existing here were explained in new appointments, and now to prove that the newly appointed ones were not made sufficiently aware of actual conditions, we happen to know that Mr. Muncester, appointed principal, has written that he had known the real conditions existing here, he never would have accepted the appointment and was now prepared to withdraw. And others are following suit.

We have criticized the board whenever the actions of that body were considered unreasonable and will continue to do so if it is the best interest of the district, and might state right here that at least one of the more recent choices of our board has fallen to one who has been dismissed for incompetency or inefficiency by one or more school districts in the province of Alberta, and this is just about the calibre of material one can expect to follow the practices of an unsound board, and there is not the slightest reason to doubt but that the so-called "retirement" will seriously affect the general standing of the Blaimore school.

We have time and again contended that non-property holders should not hold place in the administration of school affairs. "Opinions" on the matter have repeatedly been sought from the department of education by those desirous of holding such positions, but never yet would the department undertake to give what might be considered reasonable or correct definition of the act in that regard. But the cities of the province take the stand that to qualify for school board member one must be owner of real estate, and that the payment of a mere head tax only entitles a person to vote.

The audience grew less and less until the speaker concluded, with only one man in front of him. "My dear sir," said the speaker, "I cannot express the gratitude I feel for the courtesy you have shown me in reminding me to keep my speech."

"Oh," replied the man addressed. "I deserve no thanks. I was to be the next speaker."

An American visitor, who closely studied conditions in Quebec, Manitoba, Alberta and B.C., deplors the slanders of the liquor systems that have appeared in several American periodicals. This investigator saw no children in Quebec lining up at the liquor stores to get booze he charged. The only place he saw people lining up were at the savings banks and the churches.

## BELLEVUE FLOWER SHOW

We regret that space this week does not permit us to make lengthy reference to the annual flower show and sports to be staged at Bellevue on Monday next under the auspices of the Bellevue and District Horticultural and Industrial Club; but we would urge upon everyone in the district to bear the date and this big annual event in mind. This year's show will be the best on record, and the exhibits will no doubt be equal to anything ever produced in Canada.

A splendid sports programme has been arranged, starting out with a mammoth motor car parade. Coleman is this year waiving their annual opposition sports day, so that citizens of that town will have an opportunity of attending. For further information, see large posters.

## BLAIRMORE TUXIS

WIN FROM FERNIE

One of the best baseball games of the season was played on the local diamond yesterday afternoon between the Fernie Juniors and the Blaimore Tuxis, resulting in a win for Blaimore in the tenth by an eight to nine score. The Tuxis boys played a game throughout that would make any senior team go some.

Max Belecky, proprietor of the Napanea hotel, was down from Fernie on Wednesday.

The town offices are being renovated, for which Jack Hughes has secured the contract.

Several of the main streets of Blaimore have been improved considerably by grading recently.

Mayor McLeod and regiment of Blaimore citizens will journey to Coleman by special train tomorrow to attend the big carnival.

Miss Mitchell, appointed teacher by the Blaimore School Board, has withdrawn since getting to know real facts regarding the controversy here.

We understand that Mr. E. S. Barrett, now connected with the staff of the Cranbrook Herald, has purchased a newspaper plant at Stavelly, Alberta.

One claim we have made that has not been dealt by the school board is that the ratepayers of Blaimore School District have never demanded a reduction in taxes or in the salaries of teachers or the upkeep of our school.

At the recent convention of the Alberta-Yukon-British Columbia Press Association, it was decided that as far as possible police court news should not be published in the local press. Of course it was not suggested as a reason that the brand of justice nowadays being meted out was not fit for publication.

## Customers, Cash Registers and Profits

It takes a steady flow of customers to your store to keep the cash register tingling with profit-making regularity.

ADVERTISING in "The Enterprise" would help to keep old customers interested in your store and bring new ones. It spreads the news about your store and its merchandise far and wide to the women of this community. Advertising is the most efficient, economical business-building force at your command.

Why not investigate the possibilities?

### PROGRESSIVE MERCHANTS ADVERTISE

Issued by Canadian Weekly Newspapers Association

#### SHERMAN RESIGNS AS PRESIDENT DISTRICT 18

Word is received from Calgary to the effect that William Sherman, president of District 18 of the U.M.W. of A., has resigned his position as head of the organization (or disorganized) miners, and is leaving immediately for the States.

Mr. Sherman has held the Presidency of the U.M.W. of A. for the past four years in District 18. The position was formerly held by his father, Frank H. Sherman.

Mr. Sherman was the youngest president of any district under the jurisdiction of the U.M.W. of A., and

#### ADVERTISING DID IT

Wrigley, the chewing gum man, has explained how he built up a business of millions of packages a day.

He has done it by sticking to his one line and advertising it. He spends over a million dollars in buying newspaper space to tell the world about 5 cent chewing gum. He has educated people to chew gum and to chew Wrigley's. He did not stop shouting as soon as he attracted attention.

He says you must keep it up or they will forget you. Whether yours is a 5-cent or a \$500,000 business, keep telling about it.

It is not yet thirty years of age.

#### ROYAL BANK NOW HAS 800 CANADIAN BRANCHES

Amalgamation with Union Bank Effective September 1 Balances Royal Bank Service in Canada. Bank is Doing Important Work in Fostering Canadian Trade.

To the mind of the average person, the name, The Royal Bank of Canada, does not adequately convey the manifold activities of this Canadian institution with over 800 branches in Canada and with over 100 branches established in such countries as Cuba, the British and French West Indies, Haiti, Argentina, Brazil, British Guiana, British Honduras, Costa Rica, Colombia, Peru, Uruguay, Venezuela, as well as in London, New York, Paris and Barcelona, nor does the average business man realize the wide and varied service this Bank is able to render without going outside its own organization.

The Royal Bank of Canada has done much to foster Canadian trade abroad and the value of its service to exporters and importers lies, not in its regular banking business alone, but also in its willingness at all times to supply information regarding markets and marketing conditions, tariffs and confidential crop reports, etc. The value of this type of service is to be found in the fact that information is gathered direct by managers who are not only on the spot, but know intimately local conditions.

In a little over fifty years, The Royal Bank of Canada has grown from a purely local Bank to an institution of international importance and today holds a foremost position amongst the great banks of the world. The Royal Bank of Canada was incorporated in 1869 as "The Merchants' Bank of Halifax." Its name was changed to the present title on January 1, 1901. The Head Office was transferred from Halifax to Montreal on March 2, 1907.

During the last two decades a vigorous policy of expansion has been followed. The assets of The Union Bank of Canada were purchased by The Royal Bank of Canada on November 1, 1910; of The Traders' Bank of Canada on September 1, 1912; of The Quebec Bank on January 2, 1917, and of The Northern Crown Bank on July 2, 1918.

The Bank's facilities for serving the public in Canada have been greatly increased by the purchase of The Union Bank of Canada, announcement of which was made by The Minister of Finance at Ottawa, on May 22, 1925, and which was unanimously ratified by the shareholders of both banks on July 21. At the meeting of The Royal Bank shareholders held at the head office in Montreal, it was decided to increase the authorized capital of the Bank from \$25,000,000 to \$30,000,000, as it is always been the practice of the Bank to keep its authorized capital somewhat higher than its paid-up capital.

The purchase of the Union Bank of Canada has added another 270 offices to The Royal Bank's original chain of branches in Canada, thus giving the Bank a total of more than 800 branches in the Dominion and more than 100 abroad. The merger will bring the total assets of The Royal Bank of Canada well over 700 million dollars with deposits of over \$600,000,000.

600,000. The Union Bank of Canada was established in 1866 and has been regarded as particularly a Western Bank. Its head office was in Winnipeg and the majority of its branches served the farming sections of the prairie provinces. The absorption of the branches of The Union Bank of Canada by The Royal Bank of Canada was effected on September 1, 1925.

#### A NEW HOME FOR ALBERTA COLLEGE NORTH

After twenty-three years in the field of education in Edmonton, Alberta College North is to have a new home. The new building is to be erected on Macdonald Drive on the historic banks of the Saskatchewan river, and will be a credit to the institution and the city and also a fitting memorial to Rev. George McDougall, 'he site being his homestead, which he bequeathed to the Methodist church for educational and missionary purposes in Alberta.

It is anticipated work on this beautiful new home will be begun this season and the building should be ready for the autumn term of 1926.

The building, which will be four-story, solid brick and stone, and modern in every detail, will when completed cost \$250,000. The unit which is now to be started will cost approximately \$70,000, and will have a frontage of 40 feet on Macdonald Drive and extend back fully 100 feet.

Alberta College North, which made its beginning with seventy-six students some twenty-three years ago, has had a steady growth and in 1924 had an enrollment of 1800 students. This is the largest registration of any college in Canada where similar work is being done.

The purpose of Alberta College North is to provide the practical elements of a broad general education under refining Christian influences. The College, though established by the Methodist church and maintained by the United Church of Canada, is entirely non-sectarian in its teaching.

There are four departments of study, academic, commercial, music and expression and correspondence. The further course of household science is being added.

The institution offers unexcelled opportunities for the young men and women of our rural districts, during the winter months, to better fit themselves for the battle and enjoyment of life, under conditions that offer the best in education with all the comforts of a refined home.

Dr. F. S. McCall, who was appointed principal of Alberta College North in 1913, is one of the outstanding educationalists of the West and no small measure of the success that has attended the institution is due to the broad outlook and untiring efforts of Principal McCall.

#### ELKS DECIDE UPON A STANDARD UNIFORM

MONTREAL, Aug. 27.—All Canadian Elks are to wear the same uniform in future. This was decided at today's session here at the convention of the Benevolent and Protective Order of Elks, whose uniform from now on is to be a purple fez with gold lettering and a white tassel, a purple coat with white piping, purple tie, white trousers, purple socks and white shoes.

A skull half an inch thick, and unearthed recently, has been sent to Ottawa without the formality of an election.

Canada has, in the Hollinger, one of the richest gold-producing mines in the world, rising to \$12,000,000 last year; and that is only one of the score of producing mines in the Porcupine districts.

"Why don't we get a gasoline lawn mower?" asked son Willie.

Father laid down his paper. "That's easy to answer," said he. "Our yard isn't big enough."

Willie thought for a while. "But I am," he replied at length.

William Ryan, until recently vice-president of District 18 of the U.M.W. of A., will be a Labor candidate in the Edson by-elections.

## WEST CANADIAN COLLIERIES LIMITED BLAIRMORE ALBERTA

Some Protestant churches are permitting singing and playing of old hymns set to jazz music. That's at least novel, although it won't suit those who have the usual respect for old hymns. A syncopated "Pull For The Shore" would shock Moody and Sankey.

The Salvation Army was ahead in this idea. Young ladies and gentlemen singing in London's streets: "The bells of hell go ding-a-ling-a-ling."

For you, but not for me. The sweet-voiced angels sing-a-ling-a-ling. Through all eternities. O, Death, where is thy sting-a-ling-a-ling? O, Grave, the victor? No ding-a-ling, no sting-a-ling. But ding-a-ling-a-ling for me."

Coleman vicarities will journey to Lethbridge to play an exhibition game on Labor Day.

## CONKLIN &amp; GARRETT SHOWS

The Conklin & Garrett Shows, the big all-Canadian shows that have been exhibiting here since money was without doubt the best money of the kind that have ever come to Blairmore, and as a consequence the success of this district are having the success of their race to enumerate the various attractions would take too much time and space, but chief among the rides that appeared to the audience was the ever popular Merry-go-round, the giant Ferris wheel, and for those that like a little space walk their run was the newest of all rides, the sensational European invention, the Thriller.

Other among the various side shows are the Conklin & Garrett's Wall of Death, featuring Mr. Speedy Williams, Carry's Wild West Show. This show is a real wild west and a show that was more than popular with the pleasure loving public. A show that caused more than ordinary comment was Conklin & Garrett's Museum, featuring Lucille Parker, the two-headed baby. This, without a doubt, is the kind of freak of its kind on exhibition and something that should be seen by all.

The writer, being of an inquisitive turn of mind, found out a few interesting facts concerning the big show, and chief among these were that the big show has a personnel of one hundred people under the personal management of J. W. Conklin. The show is a wholly Canadian show, as it never leaves Canada and the only organization of its kind that never leaves the Dominion. It has been on the road twenty weeks, and has travelled over ten thousand miles. The headquarters of the show are in Vancouver, B.C.

The show will be here till Saturday night and those that have not availed themselves of the opportunity of seeing this attraction should not miss the chance.

A. Morency and family, accompanied by James Turnbull, spent a week at the North Fork.

Every town public school in Canada outside of Blairmore, opened up for the fall term on Tuesday with permission from Blairmore's superior aggregation.

The Blairmore Midgets beat the Calgary Riverdale baseball aggregation to the tune of 23 to 6 on Thursday afternoon last, making a total score for two games of 30 to 12. This gives the Blairmore boys the Midget championship of Alberta. The games were well attended on both days and enjoyed by all, the teams putting up some real baseball.

## ADDITIONAL LOCALS

Miss J. Galloway returned Monday from Calgary, where she had been spending her summer vacation.

It is now officially decided that the Blairmore school will re-open for the fall term on September the 14th.

The Crows' Next Pass Golf tournament takes place at Pincher Creek on Sunday, Monday and Tuesday of next week.

Rev. Dr. A. M. Gordon, of Queen's University, former pastor of Knox Presbyterian church, Lethbridge, died at his home in London, Ontario, on Monday night, at the age of 81.

The Pythians of Red Deer district have become very active of late and a recent campaign for members will terminate in a week or two, when a class of 100 will be initiated at a joint meeting of lodges of that district.

We were asked the other day as to what extent the Blairmore School Board controlled the Alberta department of education. Really we do not know, but from all appearances that department has the ability to fall.

Col. Royal Burritt, of Winnipeg, has again been selected as Grand Exalted Ruler of the Benevolent and Protective Order of Elks of Canada and Newfoundland. The next grand lodge session will be held in Vancouver.

Hon. C. S. Pingle, one time Speaker in the provincial house, has been selected to carry the Liberal banner in the provincial bye-election to be held in Medicine Hat this month.

We understand that the principal and a couple of teachers at least, who were engaged for the opening term by the Blairmore School Board, have notified the Board of their objection to working as scab teachers and have resigned the positions.

W. A. Hamilton, secretary of the Lethbridge District U.F.A. association, has been appointed postmaster for Lethbridge and district, succeeding E. N. Barker, who has resigned and will leave shortly for England, where he intends to reside.

Forty-nine dollars of ratepayers' money goes into the hands of individuals who are acting as legal guides for the biggest blunders Blairmore School District has ever undertaken to tolerate. And there'll be still more of it, unless the ratepayers take a stand to force the issue to the department of education.

Blairmore now holds the Midget and Juvenile championships of the province. The Blairmore Midgets defeated the Calgary Riverdale boys in two straight games in Blairmore, while the Blairmore Tuxis defeated the St. Marians, at Calgary, on Friday and Saturday, taking both games by the scores of 1-0 and 6-5. Houbregts, the Blairmore pitcher, also the other members of the team receiving great praise in the Calgary papers for their all round sportsmanship and playing. Rev. W. T. Young, who took the boys to Calgary, unfortunately received rather serious injuries when he was struck in the face by a foul ball, which necessitated his receiving medical treatment in Calgary. Mr. Young and the champions returned home on Sunday morning.

The Hon. Edward Brown, Mrs. Brown, nurse Cox and Mr. Huston will leave Blairmore on Saturday evening for Winnipeg, the Canadian Pacific Railway having very kindly placed at their disposal the private car "Festivities" so as to avoid changing at Medicine Hat. During their stay in town they received very many tokens of kindness and good will from friends here and at Blairmore, from the medical profession and from the railway officials. Before leaving they desired through the columns of this newspaper to express their great appreciation of the kindly and sympathetic atmosphere of the community generally. They further made mention specially of the high-class service of the local hospital. Mrs. Brown continues to improve and her ultimate recovery seems now assured. *Fernie Free Press.*

## Beware Of Dust

Once upon a time, says the Literary Digest, there was a small boy who was made to beat the family carpets each spring at the annual house-cleaning sobriety. In later years, grown to manhood, he married that he had escaped death from inhaling clouds of germ-laden dust. He thinks that the heat of youthful indignation may have proved germicidal, and he recalls having vowed that there would be no carpets in his home of the future. Nor was the vow forgotten: the home of Dr. Allen Rogers, of Pratt Institute, is carpetless, and the scientist himself is able to note with satisfaction that today a carpeted home is the rare exception. He adds, however, that the change has come about not because that boy disliked to beat carpets, but because people have come to realize their danger from a sanitary standpoint. In an address delivered before a convocation of technicians, under the auspices of the Society of Chemical Industry, as reported in the Weekly Reader and Medical Digest (Philadelphia), Dr. Rogers elaborated the thesis that dust and germs go hand in hand. He told of consumptive families, where the disease, supposedly "in the blood," was in reality lurking in rag carpets and plush furniture. And in particular he makes indictment of that modern refuge of the disease germ, the upholstered automobile cushion. He presents specimens secured with vacuum cleaner and with naptha to prove that the fabrics from doused cars rival and outstrip the fabrics from furniture, draperies from closed cases as repositories of dust. Moreover—

"Cushions of the dirt removed from automobile cushions, furniture, and rugs give us positive proof that they are not sterile, as colonies of active germs develop while you wait. Germs are not particular about their lodging-place, and you may rest assured that all kinds have gathered here."

"Of what interest is it to you and me to know that carpets, rugs, furniture and automobile cushions are full of dust and germs? It is simply this: we are living in a progressive and scientific age, we are solving problems of existence, and among the most important is our war against germs. Those of you who are listening may enlist in this army by taking every opportunity to kill the germ. The slogan 'Swab the fly' also applies to germs. If you have carpets in your house, clean with a vacuum or sweep with an antiseptic sash. Put your rugs occasionally in the sun, and give them an antiseptic cleaning. Be not satisfied with the vacuum or broom, but give them a naptha sponge bath. Vacuum clean your furniture and rub over the fabric with naptha or an antiseptic cleaner. Spray your rooms now and then, and in case of a contagious disease always fumigate."

"If your automobile happens to be upholstered in fabric, give it a good cleaning from time to time. Vacuum cleaning followed by a good spraying with naptha will remove dust and kill germs, but go a step further and apply an antiseptic wash. If your car is upholstered in leather or leather substitute, a soft rag dampened with naptha will remove the grease and make it look like new."

"Help those who are fighting the great white plague by doing your bit to kill disease germs, and do this by eliminating dust receptacles. Or, if you cannot eliminate them, see that they are not made into incubators."

## B.C. Paper Mills

Product Is Now Being Sold On An Ever Widening Market

British Columbia paper is selling on a widening market. It is sought in Western Canada and a large part of the Pacific coast states; 1,000 tons monthly goes to Buenos Aires; several orders were recently sent to Havre, France, which, it is expected, will become a steady market. A market has now been opened at Antwerp. As a result of the new Canada-Australia trade treaty, paper manufacturers are looking for a big demand from that market, which had hitherto been restricted due to a high import duty demand.

## Robbing Peter to Pay Paul

While on the one hand we cannot, especially in view of our enormous annual payments to America, do without the royalties which Germany owes us, we are to a large extent paying them out of our own pocket so long as they arrive here in the form of goods, which deprive our own people of work. London Review.

## Many Enjoy Trail Ride

More than 100 persons joined the ride of the Trail Riders of the Rockies on their horserack journey from Banff to Wapiti Camp, via Marble Canyon and Lake O'Hara. The ride started on August 5.

# CHILDREN CRY FOR

## MOTHER—Fletcher's

Castoria is especially prepared to relieve infants in arms and children all ages of Constipation, Flatulency, Wind Colic and Diarrhea; allaying Feverishness arising therefrom, and, by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep.

To avoid imitations, always look for the signature of J. C. Fletcher. Absolutely Harmless—No Opium. Physicians everywhere recommend it.

## Came Long Distance To Re-union

New Zealander 22 Years Old Visits Kitchener, Ont.

Perhaps the oldest man at the reunion in Kitchener, Ont., and the one who came the longest distance to take part in the celebrations was Matthew Weber. Six months ago, while traveling in the Pacific, at Otago, New Zealand, where he lives, Mr. Weber heard the news of the Kitchener Old Boys' Re-union broadcast. He made up his mind that since he had not been in the city in 35 years he would take advantage of the reunion to go back and meet his old friends. Mr. Weber is 82 years old and is in excellent health with the exception of deafness. Mr. Weber was born at Cheltenham, 25 years ago. He left 62 years ago, finally settling in New Zealand.

## Joint Stiffness Goes, Swellings Disappear, Pain Is Subdued

No Liniment Gives Such Universal Satisfaction As

# NERVILINE

It is the greatest penetrating power of Nerviline that makes it so efficient in overcoming swelling, stiffness and inflammation. It rubs into the very core of the pain, penetrates quickly through the tissues, and brings a strong comforting relief. Nerviline compares in pain relieving power with Nerviline. For the minor pains and aches that arise from rheumatism, Nerviline should always be kept handy on the shelf. Use it for Rheumatism, Gout, Neuralgia, Sciatica, and Cold. 25 cents at all dealers.

## Divers Find City Under Sea

Remains of an ancient city have been found by divers submerged 30 feet below the surface of the Mediterranean Sea, off the coast of Tunis, according to reports. The divers report seeing stone buildings, were visible. Archaeologists are preparing to make explorations.

## WHEN THE NERVES ARE OUT OF GEAR

They Need New, Rich Blood to Restore Their Tone

Men and women with nerves out of gear become irritable and restless and are blamed for ill-temper, whereas the fault is not theirs. Their poor health is the cause of their irritability. If a wife or mother, whose household cares have been her lot, the brain has worried her until she is thin and ill, are the nerve sufferers who become nervous, irritable and restless. All bodily organs, need healthy blood; worry tells on their digestion and their nerves are ill-treated. Pink Pills is a course of Dr. Williams' Pink Pills is necessary, for these pills make new blood and tone up the nervous system. The patient becomes full of energy, and happiness for themselves and others results. Mrs. W. E. Hughes, Coldwater, Ont., has proved the value of Dr. Williams' Pink Pills, and does not hesitate to say: "I am much better. Two years ago I suffered untold agonies with my nerves. The pains in my head and the back of my neck were unbearable. I was depressed and cranky all the time. All the rest I look back best of my life. I was advised to try Dr. Williams' Pink Pills and after taking them for a time I felt much better. I continued taking them with great benefit, and after my baby was born they were the only thing that helped me nurse her. I found them a splendid blood purifier and cannot recommend them too highly."

You can get these Pills from any medicine dealer, or by mail at 50 cents per box from Dr. Williams' Medicine Co., Brockville, Ont.

## Will Likely Skirt Canadian Shore Line

French Airmen Plan Route for Trip from Paris to New York, which will skirt the Canadian coast.

In the town of New York, which is the terminus of the trip, the flight from Paris to New York, which will skirt the Canadian coast, is planned by the French Airmen. The flight will be made by a biplane, and the route will be from Paris to New York, via the Canadian coast. The flight will be made by a biplane, and the route will be from Paris to New York, via the Canadian coast.

Danzig Boats of Wealth. The city of Danzig is a wealthy one, and the boats of the city are a fine sight. The boats are of various sizes, and the city is a beautiful one.

Two-thirds of the real estate in Danzig is owned by the city. The city is a wealthy one, and the boats of the city are a fine sight. The boats are of various sizes, and the city is a beautiful one.

A hotel in Los Angeles, California, was all closed before they are returned to the guests in the form of change.

Keep Mince's Liniment in the house. W. M. U. 1922

## Indian Learned in Ancient Lore

Man Brought to New Orleans, From Mexico Possesses Vast Knowledge

Transported from the Mexican wilderness, Lazaro, an Indian found in the region once peopled by the ancient Maya tribes, has been presented to the faculty of Tulane University, New Orleans, as perhaps the most interesting "exhibit" discovered by Franz Blom, Tulane archaeologist, in recent Mexican and Central American expeditions.

Mr. Blom, who, with Oliver Farrow, his assistant, arrived at the steamer Saramacca after completing a six months' expedition, announced the findings of 24 ruled clutes previously unrecorded, 73 monuments believed to have been erected by the Maya Indians, had numerous specimens of Maya inscriptions.

Lazaro, who has just seen his first railroad train, and to whom a taxicab was a marvel, was said by Mr. Blom to possess a vast knowledge of Indian lore and is considered a leader among his people. He is expected to furnish material for study of some of the secrets of their healing, widely practiced in the Mayan region.

Many infants have been infected by worms which cause great suffering, and it is not generally dealt with by many parents. It is a weak and difficult remedy. Miller's Worm Powder will clear the stomach and bowels of worms and will so act upon the system that there will be no recurrence of the trouble. And not only this, but they will repair the damage to the organs that worms cause and restore them to soundness.

## Birth Rate On Decline

Low British Birth Rate For Second Quarter Year

The number of births in England and Wales in the quarter of the year ended June 30, 1922, equals the lowest birth rate ever recorded in any second quarter of the year except in 1917 and 1919.

The number of births in the second quarter of this year was 118,000, a slight decrease compared with the corresponding period last year.

The infant mortality in the quarter ended June 30 last was 46 per 1,000 births, which equals the lowest rate ever recorded in any second quarter of the year.

Lumber Mills Busy. As a result of the active demand for lumber the mills of the Pacific Northwest are busy. The mills are producing a large amount of lumber, and the demand is increasing.

Slaughter Painless. A new weapon to slaughter cattle painlessly has been invented by Miss Stiffner, Paris, founder of the League for the Protection of Animals.

A dart from a gun is shot into the brain and death is said to be instantaneous and painless.

## ASK THIS HALIFAX NURSE

She Is Willing to Answer Letters from Women Asking About Lydia E. Pinkham's Vegetable Compound

My dear friends, I am a nurse in the city of Halifax, Nova Scotia. I have been a nurse for many years, and I have seen many women who have been troubled with various ailments. I have found that Lydia E. Pinkham's Vegetable Compound is a very good medicine for many of these ailments. I have seen many women who have been cured by this medicine, and I am willing to answer letters from women asking about it.

Could Not Sleep Nights. Dublin, Ontario. "I was weak and irregular, with pains and headaches, and I was not able to sleep at night. I was very nervous and I was very tired. I was very unhappy and I was very sad. I was very lonely and I was very alone. I was very poor and I was very poor. I was very old and I was very old. I was very sick and I was very sick. I was very weak and I was very weak. I was very tired and I was very tired. I was very nervous and I was very nervous. I was very sad and I was very sad. I was very lonely and I was very lonely. I was very poor and I was very poor. I was very old and I was very old. I was very sick and I was very sick. I was very weak and I was very weak. I was very tired and I was very tired. I was very nervous and I was very nervous. I was very sad and I was very sad. I was very lonely and I was very lonely. I was very poor and I was very poor. I was very old and I was very old. I was very sick and I was very sick. I was very weak and I was very weak. I was very tired and I was very tired. I was very nervous and I was very nervous. I was very sad and I was very sad. I was very lonely and I was very lonely. I was very poor and I was very poor. I was very old and I was very old. I was very sick and I was very sick. I was very weak and I was very weak. I was very tired and I was very tired. I was very nervous and I was very nervous. I was very sad and I was very sad. I was very lonely and I was very lonely. I was very poor and I was very poor. I was very old and I was very old. I was very sick and I was very sick. I was very weak and I was very weak. I was very tired and I was very tired. I was very nervous and I was very nervous. I was very sad and I was very sad. I was very lonely and I was very lonely. I was very poor and I was very poor. I was very old and I was very old. I was very sick and I was very sick. I was very weak and I was very weak. I was very tired and I was very tired. I was very nervous and I was very nervous. I was very sad and I was very sad. I was very lonely and I was very lonely. I was very poor and I was very poor. I was very old and I was very old. I was very sick and I was very sick. I was very weak and I was very weak. I was very tired and I was very tired. I was very nervous and I was very nervous. I was very sad and I was very sad. I was very lonely and I was very lonely. I was very poor and I was very poor. I was very old and I was very old. I was very sick and I was very sick. I was very weak and I was very weak. I was very tired and I was very tired. I was very nervous and I was very nervous. I was very sad and I was very sad. ## CATTLE EXPORT INDUSTRY WILL SOON BE DOUBLED

Edmonton, Alta.—If present plans are followed out, the Livestock Producers of Canada, the big feeding and exporting organization which has its feeding headquarters at Edmonton, will, during the coming winter, double the scale of its operations locally, which means that at least 20,000 head of cattle will be exported from the Edmonton district in the course of the next season. This is the statement of H. P. Kennedy, of Toronto, president of the company, who, with the vice-president, T. J. Lewin, of Chicago, has been in the city in conference with local officials of the firm.

Mr. Kennedy, who just returned from a trip to Great Britain, where he found that not only are British Canadian steers in demand, but there is an unlimited market for store cattle to be put in marketable condition on "several" and "English" farms. He visited farms where Alberta cattle had been shipped, and farmer-feeders reported to him that Canadian cattle had shown superior feeding qualities and had given them a return of as much as \$10 a head over those from Ireland and their only other source of supply.

In addition to the activities of the company at Edmonton it is announced that feeding yards will possibly be opened up on a smaller scale during the coming winter at other points in the west's Calgary, Saskatoon and Winnipeg are mentioned as other possible centers of the firm's operations. It is thought that the firm's headquarters of the company will be located at Edmonton, Mr. Kennedy is convinced that this is the logical center for the development of an industry of this magnitude.

## Will Not Exempt New Zealand

Banks and insurance companies to be boycotted by Bombay.

Bombay, India.—Abovementioned edition of Bombay has refused to accept a resolution passed by the corporation in March, 1923, boycotting Dominion banks and insurance companies as a protest against the treatment accorded Indians in the government department.

A letter recently received by the municipality from the New Zealand government, urged New Zealand should be excluded from the boycott on the ground that the Indians in that Dominion do not labor under any disabilities.

## Indians Return To North

Were Testifying in "Witchcraft Murder" Hearing at Prince Rupert.

Prince Rupert, B.C.—Attired in their newly purchased clothes of the Indian mode, the party of Laird River Indians who were brought to civilization from their remote native hinterland in Northern British Columbia, either to face trial or to testify at the "witchcraft murder" hearing concluded here, have headed for the north.

"Big" Aleck, found guilty of manslaughter and sentenced to five years' imprisonment, is the only member of the party not bound for home.

## Thinks Crisis Is Passed

Faster Finds Most Hopeful Feeling All Through Canada.

Vancouver, B.C.—"I find a most hopeful feeling all through Canada," stated Sir George Foster, who arrived here in commenting on general trade conditions.

"The people, particularly in the west, feel that the crisis is passed," said Sir George, "and I believe the feeling of optimism is well founded."

Sir George has just concluded a tour of the eastern provinces in the interests of the League of Nations Society.

## Ask Life Sentence

New York.—Because he felt he was so old he was a burden on his friends and relatives, William Johnston, 73, arrested for "sugar" theft, asked Justice Blyden to give him a life sentence. Johnston got three months in the House for the deed.

Evacuate German Towns.

Düsseldorf, Germany.—The French and Belgian troops have evacuated Düsseldorf, Dusseldorf and Ruhrort, and the "vacations cities," which they had occupied since 1921.

Open New Cable Line.

San Francisco.—A new direct cable line from London to San Francisco has been successfully tested. It will be opened November 6.

## Delegates Clash Over Opium Question

Woman Envoys From U. S. Asked To Prove Her Charge

Geneva.—Opium charging into the Philippines brought the United States delegates, Mrs. Hamilton Wright into conflict with the British delegates to the League of Nations opium commission. She charged that a large amount of opium was sent from British North Borneo and wanted to know why the British could not stop the shipments as India had done.

Both Sir Malcolm de Levenio, British, and Sir J. Campbell, Indian, questioned Mrs. Wright's accuracy and she promised to produce figures.

The Indian Government informed the commission that India had stopped selling opium to Persia and to the Portuguese colony of Macao near Hong Kong, because consignments shipped from these places have been used illegally.

The Indian Government stated it would follow the same policy toward other countries when there was evidence of the improper use of opium.

## Possible Conference Over Irish Boundary

President of Free State May Meet Ulster Premier

London.—The possibility of another conference between President Cosgrave of the Irish Free State and Sir James Craig, the Ulster premier, over the Irish boundary problem, is foreseen by The Daily Express.

The newspaper believes that a conference will be held at a special conference by C. G. Cosgrave, a member of parliament and brother of the president, in which he suggested the British Government invite the two Irish leaders to come to London and try to settle the vexatious settlement of the problem.

The correspondent says Mr. Cosgrave declined to comment on the suggestion, but that he is of the belief he will agree to it.

## More Trade Treaties

May Enter Into Agreement With South American Republics

Ottawa.—Intimation that Canada may open negotiations with a view to entering into trade treaties with the Central American and South American republics, as well as Cuba, were made here by H. J. Logan, M.P., who visited the West Indies last fall, as the Dominion's representative negotiating in the matter of a "new" trade agreement between Canada and the islands, about two months ago.

Mr. Logan estimates that under this new agreement, the trade with Canada will increase \$25,000,000, at least annually.

## Impressed By Dominion

Optimism of People Peculiarly Noted by British Teachers

Edmonton.—Sixty-two British secondary school teachers, travelling across Canada by special C.P.R. train, noted the optimism of the Canadian Education League, spent one day here. All are enthusiastic over what they have seen of Canada's educational system, and have been particularly impressed, they declared, by the vast resources of the Dominion and the confidence, optimism and hospitality of the people.

## Dairy Progress a Surprise

Moore Jaw.—The American agricultural edition visiting here were much impressed with the fact that while Saskatchewan in 1911 made one million pounds of butter, in 1923 the production would be 16½ million pounds, and the export would be 1,500 cars.

Medicine Hat by-election.

Edmonton.—The Medicine Hat by-election will likely be held near the end of September. Premier Greenfield expects to make definite announcement of the date during the next few days.

## St. Paul's Fund Now \$250,000

Edmonton.—The fund towards meeting the cost of the restoration of St. Paul's Cathedral, including subscriptions from various parts of the empire, now totals \$250,000.

## 2,500 Unemployed in Toronto

Toronto.—Twenty-five hundred wage earners are listed as unemployed at the Toronto office of the employment service of Canada. The majority of these men are unskilled.

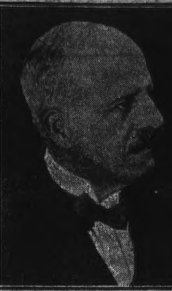

## Grain Collection

Minneapolis.—Shipments of grain to the city and Duluth are so heavy that there is a serious congestion of cars at sampling points.

Japan has the highest birth rate of any country in which vital statistics are kept.

## Is Appointed Director

Mr. George McLaren Brown, European General Manager of the Canadian Pacific Railway, who recently arrived in Canada to attend the funeral of the late George Morris Beaworth, chairman Canadian Pacific steamships. Later Sir George was appointed a Director of Canadian Pacific steamships in succession to the late Sir Thomas Fisher.

Sir George McLaren Brown, who was born in Hamilton, Ont., in 1865, was appointed agent of the company at Vancouver in 1897 from which post he was promoted by degrees to that of General European Manager. Sir George received his title of Knight Commander of the British Empire in recognition of his distinguished services as Assistant Director General of Movements and Administration of the British Government during "the last three years of the war" when he was in charge of the Canadian Pacific Railway. He served with distinction in the Imperial Forces.

## GERMANY INVITED TO JOIN FRANCE IN SECURITY PACT

London.—France and her allies have invited Germany to enter into negotiation for a definite treaty intended to guarantee to neither one of them in Western Europe.

The invitation was extended in a note handed to the German Government by the French ambassador at Berlin. It is a reply to Germany's note of July 20 on the subject of security.

In their reply, the French, in common with their allies, confine themselves to observations on only three points.

"The points on which the French would insist are that the treaty of Versailles must be modified, that Germany should enter the league, not with the reservations, as Germany has suggested, and that provision should be made for compulsory arbitration of future disputes."

An early conference between the German foreign minister and the allied foreign ministers is already in prospect. Word came from Berlin tonight that the French, British and Belgian ambassadors had joined in a statement that the allies think advisable that their juridical experts should meet German experts as soon as possible to clear up technical questions and pave the way for a meeting of the foreign ministers. It is expected that the experts will get down to "round table business" in London this week.

## Oppose One Big Union

A. J. Cook, As Sponsor Severely Criticized in Britain

London.—A division of opinion has arisen among British trade unionists over the proposal to be submitted to the forthcoming Trades Union Congress, providing for the formation of a great industrial alliance of all the unions, representing 5,000,000 workers. A J. Cook, general secretary of the Miners' Federation, is the main sponsor of the proposal, which is represented in the press as an attempt to capture the unions by the "Reds." The scheme is already meeting with opposition.

## To Be Deported

Vancouver.—Sixty Chinese members of the crew of the steamship City of Victoria, who went on a sympathetic strike following it, is declared, orders from Shanghai, were sentenced to serve six weeks each in Daka Prison, after which they will be deported.

## Explosives As Rain Maker

Greenville, S.C.—High explosives are to be used in rain making experiments here. The idea originated with a war veteran, who believes the artificial bombardment caused the heavy rainfall in France during the war.

## Britain Giving Farm Training To Unemployed

Men Sent to Canada or Australia After Completion of Course

London.—The ministry of labor, in conjunction with the overseas settlement committee, is establishing centers where, in six months' residential course will be given to a limited number of unemployed young men to enable them to engage in farm work in Canada or Australia. The first one to be opened will be at Clayton, near Ipswich.

Applications from eligible young men from all parts of the country are invited. Those selected will be given free railway passage to Clayton, but they must undertake to remain in leading their full six months' course and proceed direct to either of the two Dominions mentioned at the end of their term.

The applicants must be single men between the ages of 19 and 25, but suitable exceptions may be made up to the age of 25, will be accepted. Only men who have no trade need apply.

Before any of these young men may migrate to Canada or Australia they must be approved by a representative of the Dominion to which they wish to go.

## Austrian Chief of Staff Dead

In Ending, a Military Officer of Vienna

Commanded Forces On Russian Front During First Months of War.

Vienna.—Field Marshal Baron Von Conrad Hotzendorff, chief of staff of the Austrian army in the first months of the war, died Aug. 25, at Meran, in Tyrol. He was 70 years of age.

## Have Plenty of Money on Hand For Purposes

Edmonton.—The Globe in a column says that the statement of Sir Henry Thompson, president of the Canadian National Bank, that there is plenty of money available this year for housing the western crop, was corroborated by the general managers of two Canadian chartered banks, both of whom said the banks were in splendid shape for the financing of the grain harvest.

The Globe adds:

"They also stated that the same condition prevailed as regards all leading Canadian business enterprises throughout the Dominion; the banks having plenty of funds on hand. While interest rates have not shown much change in recent months, and are about the same as they were a year ago, the fact that the money is available, not only for the crop movement, but for all sound business undertakings, is an encouraging one."

## Make Good Nurses

Canadian Girls Are in Demand in United States Hospitals

Ottawa.—Colonel William A. McDwyer, head of the Salvation Army activities in New England, which includes the operation of a number of large hospitals and similar institutions, has discovered that Canadian girls especially those coming direct from rural communities, make the best kind of nurses.

Col. McDwyer states that Canadian girls are much sought for in the training schools, because they are so temperamental, fitted for the work, and have proven in most instances to be more adaptable to the requirements of the calling than girls born in the United States.

## Standard Phone System Adopted

Halifax, N.S.—That the Telephone Association of Canada would be doing a national work if they brought about the adoption of standard methods of operation and apparatus which would make possible at some future time a universal telephone service was the point stressed by C. F. Sles, president of the Bell Telephone Company of Canada, at the business session of the association.

## U-Boat Blown Up

Copenhagen.—Another drama of the Great War ended at Vestby Beach on the West Jutland coast. The German submarine U-20, credited with the destruction of the Lusitania, torpedoes and sunk of the Irish coast, May 7, 1915, with a loss of 1,206 persons, was blown up Aug. 25 by order of the Danish admiral.

## French Troops Driven Back

London.—The Jerusalem correspondent of Reuters reports that the French troops have been forced to evacuate several towns and villages in their line before the revolting Druse tribesmen in Syria. The French are said to have evacuated Khirbat al-Ghazl with losses and later the town was occupied by the enemy.

## Britain's Unemployment Increases

London.—There has been an increase of 29,000 in the number of unemployed persons in Great Britain, this making the increase in the last three weeks more than 100,000. The number now totals 1,288,000.

## Europe Paying Up

Five Countries Are Cleaning Up Debts To Canada

Toronto.—Venturing the prophecy that Canada was on the eve of the best year for business ever experienced, Hon. P. C. Larkin, high commissioner for Canada at London, who has just returned home for a brief visit, adds here that her debt was gradually being reduced. The amount owed to Canada by five European countries was still large, but not nearly as large as three years ago, when \$200,000,000 was owing. Over \$150,000,000 of that had been collected over twelve months during the past year, Mr. Larkin stated.

"What are the prospects of collecting the balance of \$40,000,000?" he was asked.

"Well, literally, the balance is \$37,000,000, and I think we have good hopes of getting that in, too," he replied. "But, at any rate, we are getting interest on it—something which we did not get for three years after the war."

The high commissioner was asked concerning the amount to be received by Canada under the Daves reparations.

"We are gradually getting our allotted share," he replied, "and collected in reparation this year \$1,250,000. I think that plan will be carried out each year, giving us a larger amount each year than we are getting. Our share of the reparations payments largely in kind, but Mr. Larkin explained that it is equivalent to gold, as the goods are immediately sold and might be sold without ever being taken to Britain for sale."

## Report Canadian Banks In Good Condition

Have Plenty of Money on Hand For Purposes

Edmonton.—The Globe in a column says that the statement of Sir Henry Thompson, president of the Canadian National Bank, that there is plenty of money available this year for housing the western crop, was corroborated by the general managers of two Canadian chartered banks, both of whom said the banks were in splendid shape for the financing of the grain harvest.

The Globe adds:

"They also stated that the same condition prevailed as regards all leading Canadian business enterprises throughout the Dominion; the banks having plenty of funds on hand. While interest rates have not shown much change in recent months, and are about the same as they were a year ago, the fact that the money is available, not only for the crop movement, but for all sound business undertakings, is an encouraging one."

## NEW AGREEMENT FOR SETTLING OF THE FRENCH DEBT

London.—A tentative agreement for settling the French debt on 62 annual payments of \$22,500,000 each was reached by Winston Churchill, British chancellor of the exchequer, and M. Caillaux, French finance minister. The total payments would thus be \$775,000,000, the original debt being \$425,000,000. The whole agreement hinges, however, on what terms the French debt to the United States is settled and on whether the French government approves.

Mr. Churchill made it plain in a statement that the British were willing to go through with the bargain he and M. Caillaux have arrived at, only to the extent that the United States receives no more from France in proportion to the size of the two loans than Britain.

On the face of this agreement, it would seem that Britain is willing to forego receiving any of the principal of the sums she lent France provided that France pay slightly more than two per cent on the loan each year for 62 years—the time which it will take the British to pay their debt to the United States under the existing agreement.

## Germans Fight With French

Sixteen Thousand Germans Join French Foreign Legion

Paris.—Once enemies at arms, 16,000 Germans—exactly half the total strength of the French Foreign Legion—are in Morocco fighting the battle of France, against the rebellious Moabites.

## Heavy Rain Floods Tokio

Tokyo.—Tokyo was flooded as a result of almost 24 hours continuous rainfall. Electric lights, telephones and street car services were impaired. Roads, the lower sections of the city, is inundated, and thousands of homes have been reported, but heavy damage is expected.

## JUSTICE SHOULD BE FOR THE RICH AND POOR ALIKE

Winnipeg.—Declaring that justice should be swift, certain and open alike to rich and poor, Hon. Lord Buckmaster, of Cheltenham, former Lord Chancellor of England, told the annual convention of the Canadian Bar Association that in his opinion, the legal profession deserved the reproach that while the poor man was sure of even justice from the bench, he was not sure to get it from the bar.

Lord Buckmaster advanced a possible means to remove this reproach when he suggested that every lawyer take a certain number of poor men's cases every year.

"The law, Lord Buckmaster believed, should extend 'not only from man to man, but to angry and warring'—though this belief prevails over the law."

Lord Buckmaster's address was followed by unanimous applause, with the audience rising to its feet and on the motion of the President, Arthur, the distinguished Britisher was made a life member of the Canadian Bar Association.

In opening his remarks, Lord Buckmaster declared that the words "justice" and "law" were not synonymous, and the forces which threaten society, were among those which lawyers should control as the guardians of liberty.

No lawyer, he continued, should entirely separate himself from the struggle he makes law to be confined to the administration of law only.

## Australia Will Soon Approve Trade Treaty

Government Corresponding With Canada

Ottawa.—Correspondence, it is stated, is passing between the Canadian and Australian governments in regard to the Australian regulation which, with exceptions, provided that before a foreigner's estate—movable or immovable—could be transferred to the British preponderant law, it must be of 75 per cent British material and labor. The old regulation, which applied generally throughout the empire, included Canada, was in 20 per cent.

It was the adoption of this new 75 per cent regulation which caused a hitch in the negotiations between Canada and Australia over a trade treaty. The treaty had been concluded with the Commonwealth of Australia when by order-in-council the Australian government adopted the new regulation.

## No Drifters Wanted

Vancouver, Adopts Policy For Relief Work For Coming Winter

Vancouver, B.C.—The drifters need apply. No work, no pay, was the policy adopted for this coming winter in the matter of relief work according to a decision of the civic employment committee here.

Sperry railway station in the drive by officers will be placarded with notices informing the population of drifters that relief work in Vancouver at the rate of \$2.00 a day for married men and \$1.00 a day for single men will be afforded only to men who can prove residence of six months in the city prior to application for relief work. In addition to the placarding of railway stations the city's policy will be advertised in private newspapers.

## Rain Causes Loss to Millers

Edmonton.—Recent rains and cold weather in Northern and Central Alberta have set back local millers in turnover at the rate of \$20,000 per week, according to the estimate of one Edmonton miller. It is also estimated that the period of delayed mill operations has been two weeks, so that total loss in turnover is around \$40,000 all this in interruption of harvesting and the longer period necessitated for grain to dry out sufficiently for milling purposes.

## Heavy Rain Floods Tokio

Tokyo.—Tokyo was flooded as a result of almost 24 hours continuous rainfall. Electric lights, telephones and street car services were impaired. Roads, the lower sections of the city, is inundated, and thousands of homes have been reported, but heavy damage is expected.

## Snow In foothills

Edmonton.—Two feet of snow fell west of Rocky Mountain House in the foothills of the Rockies last week, according to word, which reached Edmonton. The crops south of the snow were flattened to the ground. Roads were impassable for a day or two.

## Items of Local and General Interest

Miss Henrietta Robbins has been visiting friends at Lethbridge during the week.

Chas. Howe entertained a number of friends on Tuesday night last, to commemorate his 21st birthday.

Dr. and Mrs. H. K. Lillie returned yesterday from an extended motor trip through the Western States.

Mr. and Mrs. H. C. Dillingham and Miss Dillingham, of Banff, are guests this week of Mr. and Mrs. J. W. Gresham.

Mrs. Ed. McDonald, of Blaimore, and Mrs. Herdman McLeod, of Coleman, left yesterday by motor to spend the week end at Lethbridge.

Mrs. H. J. Benson underwent an operation at the Coleman hospital during the week and is reported well on the way to complete recovery.

One hundred and fifty-eight thousand miners are involved in the south-west order which took effect in the hard coal fields in the United States on September 1st.

Blaimore is the first school district in the province we know of that has permitted non-property holders to handle their affairs. And it undoubtedly will be the last.

Bedell and one or two other districts have had the same experience that the Blaimore school district is now having. They have not put one of them have had the same experience or staff issue.

We have on our desk a copy of The Western Star, published at Curling, Newfoundland, which is the first paper printed on newsprint produced by the Newfoundland Power & Paper Company, Limited, whose new mill just opened is the largest in the world.

You expect a newspaper to tickle your parents when you are born, describe with glamorous appeal the happy ceremony of your wedding, and extol your virtues in eulogistic phrases when you die. How about paying up that overdue subscription before you forget it?

Mr. W. I. Huston, who sustained rather serious injuries in an auto smash near Homer a couple of weeks ago, is now at the Greenhill hotel and is rapidly convalescing. His sister, Mrs. Brown, continued on to Winnipeg, where she is also reported doing well under hospital treatment.

Mrs. Fern Smith, wife of Harry Smith, formerly of Coleman, but now resident of Lethbridge, has been declared winner of the free trip to Portland, Oregon, in the Alberta Oddfellows' subscription campaign. She will enjoy a free trip to Portland to take in the big Oddfellows' and Rebekahs' convention to be held there this month.

Sam Simister met with a nasty accident on Tuesday morning, falling from the box car loader at the West Canadian tipples to the ground where, although a distance of only about 12 feet, he struck the steel rail, causing injuries to his face, spraining a wrist and breaking a bone in the other. Dr. Olivier was notified immediately and upon arrival set the bone. Sam will probably be on the sick list for several weeks.

At Fernie on Sunday next, the Edmonton All-Stars baseball nine, winners in the semi-finals over the Calgary White Sox, will meet the crack Fernie team, holders of the Brewery Trophy for the past year, in a double header. These games are the first two of a series of five games to decide the Alberta senior championship. The first game will be called at 1:45 p.m. and the second at 4:30 p.m. We understand that these same two teams will play an exhibition game on Monday, Labor Day, in connection with the G.W.V.A. Sports.

Rev. Father McCormick, of Coleman, was a visitor to Macleod last week end.

The institution of the new B.P.O.E. Lodge at Coleman has been set for September 9th, Wednesday next.

George Meffas has moved his family into the residence which until recently was occupied by Frank Wright.

Mr. J. H. Bond will be absent from town for a few days owing to the illness of Mrs. Bond at her home in the Foremost district.

Premier Greenfield, of Alberta, urges upon the newspapers of Western Canada to support a scheme of colonization and immigration.

H. D. McMillan, of the Cowley hotel, was in town yesterday, and returning attended the funeral of the late Hugh Cameron at Burnis.

Our estimated national wealth is over twenty-two billions, or \$252.5 per capita, making the Canadian one of the richest persons in the world.

On account of the carnival, being held in Coleman on Friday and Saturday of this week, there will be no dance in the Lodge Hall on Saturday night, September 5th.

A whist drive and social will be held in the Lodge Hall on Friday, September 11th, under the auspices of Livingstone Lodge No. 22, Knights of Pythias. Everybody welcome. Come and have a good time.

Owing to injuries received in Calgary, Rev. W. T. Young was unable to take the pulpit at the United church on Sunday evening last. Mr. J. Shevels, of Bellevue, conducted the service, in his usual able manner.

The coroner's jury enquiring into the death of George Whiting, Elk Prairie road, foreman, at Fernie on Thursday last found that Whiting met his death on August 19th, 1925, presumed to have been caused by a bullet wound fired from a rifle by some person or persons unknown.

Carl Smith and son, accompanied by Mervin Pruden and Hughie Kobins, left last week end by pack train for the Gould's Dome sheep country. They are expected back the early part of next week, and we are so confident they will bring back trophies that we have decided to fast till their return.

Greenhill Temple, Pythian Sisters, will hold a whist drive in the Lodge Hall on September 16th, with the usual six good prizes. This will be the first of a series of eight whist drives to be held on the third Wednesday of each month and the highest aggregate score, lady and gent, will receive a beautiful prize. Don't fail to take in all eight drives and boost your score. Everybody welcome.

A few days ago we happened to notice an envelope that had been purchased by a local merchant from an out-of-town establishment, and we take this opportunity of offering that same merchant a ten years' supply gratis, provided he is satisfied with that same quality of material and workmanship and that it is possible for us to secure such poor raw material. Any time that we have to supply rotten goods in the printing line, we will make no charge.

John Dovenak, of Burnis, appeared before Judge McDonald, at the district court, Blaimore, on Friday, August 28th, on three charges of forgery, theft and false pretences. He pleaded guilty and was sentenced to eighteen months' imprisonment with hard labor at Lethbridge jail on the first charge; on the second charge to twelve months and on the third charge to six months, sentences to run concurrently. J. E. Gillis, of Gillis & Mackenzie, appeared for the accused and J. D. Matheson for the Crown.

Mrs. McKenna and children, of Frank, have been visiting for a few days with friends in Calgary.

A number of local Dokies are journeying to Fernie on Labor Day to take in the D.A.K.K. ceremonial.

The regular monthly competition of the ladies of the Blaimore Golf Club will be held on Saturday, September 12th.

A South American scientist says that the rotation of the earth is irregular. This looks like a case for action by the Rotarians.

DR. HACKNEY, eye, ear, nose and throat specialist, of Calgary, will be in Blaimore, at the Cosmopolitan Hotel, on Wednesday next, September 8th.

Don't forget the Boy Scouts' big dance at Cowley on tomorrow night, September 4th. The Imperial Jazz Orchestra, of Calgary. All cars under observation.

Gordon Steeves, of the Blaimore Pharmacy, returned the first of the week from a two weeks' auto trip, which included visits to Calgary, Banff and as far south as Portland, Oregon.

### In Loving Memory

OUR DEAR MOTHER, JEAN LAIDLAW, Who passed away Sept. 25, 1924.

Never shall you be forgotten. Never shall your memory fade; Sweet thoughts shall always linger Around the grave where you are laid. And when the shadows of night are falling, And we are all alone; There comes a thought, Dear Mother, If you could just come home. Lovingly remembered by her Daughter and Son-in-law.
